

Fleet Safety & DOT Compliance Consultant

Date Posted: June 1, 2018
Hiring Organization: Integrated Loss Control, Inc. (ILC)
Location: Minneapolis, MN
Wage: Based on experience and skill sets

Description (Regular Part-Time and On-Call Part-Time): ILC, a well-established Shoreview, Minnesota, based consulting firm, is seeking individuals with the listed qualifications to work as a key member of our professional team. The consultant will perform a wide range of hands-on consultative services to a diverse client base and as appropriate, provide specialized customer services to assigned client accounts to help them prevent and/or minimize losses and maintain compliance with FMCSA and State DOT regulations.

We offer competitive wages, an excellent work environment along with benefits for our full-time employees and regular part-time employees who work a minimum schedule. If you are a qualified candidate with a desire to grow professionally, want to be rewarded for your efforts and wish to make a positive contribution to the organization you join and the clients you support, then we would like to talk with you.

Qualifications: The successful candidate will have the following qualifications, but not limited to:

- 8+ years of relevant hands-on experience in fleet safety program administration and DOT compliance in the trucking industry
- Experience developing and auditing fleet safety programs
- Successfully reduced losses within a trucking organization
- Successfully maintained compliance with FMCSA and State DOT regulations
- Experience in hazardous materials shipping and security plan administration helpful
- Familiar with FMCSA, State DOT and other relevant regulatory websites
- Experience with driver training and coaching in a positive and acceptable manner
- Ability to work as part of a team and with little or no immediate supervision
- Familiarity with electronic log regulations and systems
- Strong customer service skills
- Must have extensive and detailed working knowledge in FMCSA and State DOT compliance
- Must be extremely proficient in writing and public speaking skills

In addition, the candidate will have the following skills:

- Excellent phone/communication/grammar skills
- Strong background using computers and proficient in MS Word and MS Office applications (Excel, PowerPoint, Outlook)
- Ability to work with & learn software applications
- Must be trustworthy, dependable, flexible and creative
- Accuracy & attention to detail a must
- Ability to handle efficiently, a variety of responsibilities & projects
- Self-starter and manage fast pace and meet deadlines, hold matters in strict confidence
