

Part Time-On Call (PT-OC) Safety & Health / Loss Control Consultants

Date Submitted: July 2021
Hiring Organization: Integrated Loss Control, Inc. (ILC)
Location(s): Minneapolis, MN and Target States (AZ, MN, WI, IA, ND, SD)

Compensation: Based on experience and skill sets

Who is ILC? – ILC, a well-established (30+ years) Shoreview, Minnesota, based consulting firm, is seeking PT-OC individuals with the minimum listed qualifications to join us as a member of our professional team.

What are we looking for? (Individuals, and/or Organizations) – Seeking established organizations who meet the qualifications listed to help supplement ILC’s service programs. We are also seeking experienced INDIVIDUALS who are qualified, experienced professionals who may be retired but wish to stay active at a level that works best for them, are semi-retired or considering working less than full-time at this point of their career. We are building a TEAM of experienced individuals who can work on an on-call basis and/or service a measured client book of business. Our Part-Time TEAM members will supplement our full-time TEAM members and other PT-OC professionals (supporting each other). It is our goal to create a pool of experienced, knowledgeable professionals from relevant, yet differing backgrounds. This will expand ILC’s capabilities and allow ILC and its TEAM members to grow and be rewarded for the quality service provided to our clients. ILC will be further recognized by its peers and our current and future clients as the “Trusted Resource of Choice”.

The PT-OC consultants, based on their individual skill set, can be called upon to perform remote on-line, and as necessary, limited hands-on consultative services to a diverse client base, including in-service to ILC.

The benefit to you? – As an individual we offer competitive compensation and an excellent work environment. As an organization we can bring work to you and establish a referral opportunity between us. If you are an individual and a qualified candidate with a desire to remain active and grow professionally, want to be rewarded for your efforts and wish to make a positive contribution to the organization and TEAM you join and the clients you support, then we would like to talk to you.

Qualifications: We are looking for individuals who have backgrounds and relevant experience in the following areas:

- Not required in all cases, Associate, Bachelor or Masters degree in related field (science, engineering, safety, risk management, etc.) – ASP, CSP, CIH, ARM and other relevant certifications
- 5+ years of relevant hands-on experience in a manufacturing, construction, insurance (workers’ compensation, auto/fleet), public sector, or related consulting capacity
- Experience developing and auditing relevant programs
- Conducting program audits, providing solution options as necessary

- Developing, conducting training to audiences in a wide range of industry types
- Ability to work as part of a team and with little or no immediate supervision
- Strong customer service skills

- Must have extensive and detailed working knowledge in area of expertise (ex: OSHA, MSHA, NFPA, Life Safety Code, industry best practices, ergonomics, industrial hygiene, etc.)
- Must be extremely proficient in writing and public speaking skills
- Spanish as a second language a plus

In addition, the candidate will have the following skills:

- Excellent phone/communication/grammar skills
- Strong background using computers and proficient in MS Office applications (Word, Excel, PowerPoint, Outlook)
- Ability to work with & learn software applications
- Must be trustworthy, dependable, flexible and creative
- Technical accuracy & attention to detail a must
- Ability to handle efficiently, a variety of responsibilities & projects
- Self-starter and manage workload and meet deadlines, hold matters in strict confidence.
